**Conference on-site guide
sponsored by:**

Built on kindness. Backed by knowledge. Fuelled by real people. We're on a mission to deliver solutions that help, and relationships that last. We've been writing that story together with Canadian clients, caregivers and therapists seeking mobility and home accessibility solutions for more than 35 years.

Welcome from the CAOT President and Chief Executive Officer

La présidente et la chef de la direction de l'ACE vous souhaitent la bienvenue

Welcome colleagues and friends,

We are excited to welcome you to the Canadian Association of Occupational Therapists (CAOT) Conference 2022: Hybrid! After two years, we are thrilled to be back in person again and it is just as exciting that so many people are joining us virtually. Whether you have made the trip to beautiful Whistler or are tuning into Pheedloop, our interactive platform, from your office or home, it's a pleasure to be with you for this incredible gathering of Canadian occupational therapy professionals.

This annual event is a highlight of our membership year as we celebrate four days of learning, sharing, and inspiration. It is a wonderful opportunity to advance excellence in occupational therapy, while reconnecting with old friends, introducing yourself to new colleagues, and extending your professional network.

With more than 160 in-person sessions, 45 virtual and 15 CTM, you will find a wide range of evidence-based learning and innovative ideas to engage and stimulate your practice. We are incredibly grateful to all our delegates and volunteers from across Canada for making this year's conference an unforgettable experience. We salute all our presenters as they share their expertise with us, as well as the members who generously volunteered their time with the Scientific Program Committee and Abstract Review Board. Finally, we'd like to send a special thank to our valued sponsors and exhibitors whose support makes this event possible.

On behalf of CAOT's Board of Directors and staff, we are truly pleased to welcome you to Conference 2022: Hybrid.

Giovanna Boniface,
CAOT President
Présidente de l'ACE

Hélène Sabourin,
Chief Executive Officer
Chef de la direction de
l'ACE

Bienvenue chers collègues et amis,

Nous sommes ravis de vous accueillir au Congrès de l'Association canadienne des ergothérapeutes (ACE) 2022 : Hybride! Après deux ans, nous sommes ravis d'être de retour en personne à nouveau et il est tout aussi excitant que tant de personnes se joignent à nous virtuellement. Que vous ayez fait le voyage jusqu'à la magnifique ville de Whistler ou que vous vous connectiez à Pheedloop, notre plateforme interactive, depuis votre bureau ou votre domicile, c'est un plaisir d'être avec vous pour cet incroyable rassemblement de professionnels canadiens de l'ergothérapie.

Cet événement annuel est un moment fort de l'année de nos membres, alors que nous célébrons quatre jours d'apprentissage, de partage et d'inspiration. C'est une merveilleuse occasion de faire progresser l'excellence en ergothérapie, tout en renouant avec de vieux amis, en vous présentant à de nouveaux collègues et en élargissant votre réseau professionnel.

Avec plus de 160 sessions en personne, 45 virtuelles et 15 conversations importantes, vous trouverez un large éventail d'apprentissages fondés sur des données probantes et des idées novatrices pour engager et stimuler votre pratique. Nous sommes incroyablement reconnaissants à tous nos délégués et bénévoles de partout au Canada d'avoir fait de la conférence de cette année une expérience inoubliable. Nous saluons tous nos présentateurs qui partagent leur expertise avec nous, ainsi que les membres qui ont généreusement donné de leur temps au comité du programme scientifique et au comité d'évaluation des résumés. Enfin, nous tenons à remercier tout particulièrement nos précieux commanditaires et exposants dont le soutien rend cet événement possible.

Au nom du conseil d'administration et du personnel de l'ACE, nous sommes vraiment heureux de vous accueillir de vous accueillir au Congrès de l'ACE 2022 : Hybride.

Wednesday, May 4 | mercredi, le 4 mai

19:00-20:15 Room | salle : Sky to Sea Ballroom A
Special event | Événements spéciaux

Opening ceremonies | Cérémonies d'ouverture

CAOT President Giovanna Boniface & CAOT CEO Hélène Sabourin
Giovanna Boniface, présidente de l'ACE et Hélène Sabourin, Chef de la direction de l'ACE

Keynote Address | Conférencière d'honneur

Keep it Real: Let Us Go Forward Together

Giovanna Boniface
CAOT President | Présidente de l'ACE

Opening reception sponsored by | Réception d'ouverture parrainée par :
NMEDA Canada

20:15: 21:30 Room | salle : Sky to Sea Ballroom B|C

Trade Show Opening | Grande ouverture du salon professionnel

Check out our exhibitors who will be showcasing their latest innovations, products and services. You'll have an opportunity to:

- Expand your national contact network of suppliers, distributors and service providers;
- Learn about and compare the latest innovative products
- Visit the CAOT Marketplace, where you can purchase publications, gather information and meet the national office staff
- Enjoy snacks and beverages as you meet our exhibitors

See the floor plan on page 38.

Consultez la liste des exposants de notre salon professionnel, qui vous feront connaître leurs nouveaux produits et services et leurs innovations.

Vous aurez l'occasion :

- d'élargir votre réseau national de fournisseurs, distributeurs et prestataires de services
- d'en apprendre davantage sur les nouveaux produits et innovations et de les comparer
- de visiter le marché de l'ACE, où vous pourrez faire l'achat des publications et produits de l'ACE et rencontrer le personnel du bureau national
- de déguster des collations et boissons tout en discutant avec les exposants

DIAMOND SPONSOR | COMMANDITAIRE DIAMANT

iScope Concussion & Pain Clinics is Canada's only national rehabilitation clinic with a neurologist-led multidisciplinary team ready to address all aspects of your recovery journey. Our team includes sub-specialized physicians, nurse practitioners, rehabilitation professionals and technologists who are trained to manage concussion, chronic pain, and neurological disorders. From testing to diagnosing to conducting treatment, we treat all physical, cognitive, emotional, and sleep-related symptoms under one roof.
